

Who Offers Group First Aid Training for Employees Near Me - Huntsville, AL

When you're responsible for a business or organization in Huntsville, ensuring your team is prepared for emergencies is more than a smart move - it's a necessary one. If you're a business owner in Huntsville, AL searching for group CPR AED First Aid training for your team, you're in the right place. From office environments to construction sites, having your staff trained in CPR AED First Aid can protect your employees, your customers, and your reputation.

So, who offers group First Aid training for employees near you?

1 Source Preparedness Training is a local provider specializing in on-site group First Aid, CPR, AED, and BLS classes for small businesses, schools, medical offices, and more. Whether you manage a daycare, dental office, warehouse, or corporate team, we come to your location and offer certified training through the American Heart Association, American Red Cross, or ASHI (American Safety and Health Institute).

Why Group CPR & First Aid Training Matters

Accidents can happen at any time. When your staff is trained, they can respond quickly and correctly - sometimes even before EMS arrives. Group First Aid training gives your entire team the same tools, language, and response plan during emergencies.

Why Choose Group Training?

- ✓ Save money with bundled employee pricing
- ✓ Minimize workplace disruption with onsite or flexible scheduling
- ✓ Customize training to match your industry risks (childcare, industrial, healthcare, etc.)
- ✓ Boost team confidence in real emergency situations

Who Is This Training For?

- Daycares and preschools
- Medical and dental offices
- Security and janitorial teams
- Gyms and fitness centers
- Restaurants, bars, and food service
- Construction and warehouse teams

We serve the greater Huntsville area, including Madison, Athens, and Decatur, with both weekday and weekend availability.

What's Included in Group Training?

- Basic wound care and bleeding control
- Recognizing signs of stroke or heart attack
- Responding to choking
- Treating burns, injuries, or fainting
- Emergency scene management

Many trainings also include **CPR/AED** and can be tailored to your industry.

Who Offers Group Training in Huntsville?

If you're asking, "*Who provides CPR First Aid training for employees near me?*"—here are top options:

- **1 Source Preparedness Training** – We bring certified, professional instructors to your location. Custom scheduling and weekend options available.
- Local Red Cross or training centers – Though availability may be limited.
- Hospital-affiliated programs – Great option but may not offer on-site classes.

Why Choose Us?

At 1 Source Preparedness Training, we specialize in on-site group First Aid and CPR classes tailored for businesses of all sizes in North Alabama. Whether you're in Huntsville, Madison, Decatur, or Athens—we come to you.

Which CPR/First Aid Training Is Right for Your Team? (Decision Chart + Add-On Guide)

Use this chart to choose the best training for your staff — now with industry-specific add-ons!

✓ Step 1: What type of business or organization do you have?

✓ Step 2: How many employees need training?

5+ staff?

➔ **Best Option:** On-site group training — cost-effective, time-efficient, industry-customized

Fewer than 5?

➔ **Best Option:** Flexible scheduling, on-site or in office, and blended (online/in-person) formats

✓ Step 3: Is certification required for licensing, compliance, or insurance?

Yes:

➔ Choose training certified by the *American Heart Association, Red Cross, or ASHI*

No or Awareness-Only:

➔ Opt for non-certification workshops, ideal for supplemental or refresher training

💡 Bonus: Most Requested Add-On Topics (Can Be Combined with Any Training)

Add-On Topic	Best For	Description
Bleeding Control (Stop the Bleed)	Industrial, Security, Events	Advanced bleeding response
Anaphylaxis & EpiPen Use	Childcare, Schools, Food Service	Allergy emergencies
Bloodborne Pathogens	Medical, Janitorial, Tattoo	OSHA-aligned safety module
Babysitting & Youth Safety Training	Churches, After-School Programs, Summer Camps	Prepares teens and adults to supervise kids safely
Emergency Drills + Custom Scenarios	Offices, Medical, Retail	Tailored team response practice
Choking Response Restaurants, Gyms	Choking Response Restaurants, Gyms	High-risk environments for airway blockage
